Dear Principals:

I am writing to inform you of my recent meeting with Cambridge Credit Counseling, a national non-profit debt management agency. After reviewing the educational material, I am pleased with both the financial information and the current need for this material.

Consequently, I encourage you to contact Guy Swiatlowski and obtain the material to review and take advantage of their services; which include workbooks, teachers' guide, field trips to the Basketball Hall of Fame and guest speaking engagements.

Our efforts to educate are similar and I am convinced that this would be a good fit for us to explore. They understand the financial issues and decisions students face in today's economy, and are here to help with resource and material.

For more information please feel free to Contact:
